SAYS ROADS DO NOT OPPOSE FAIR WAGE INCREASES

But Some of Employes' Demands Are Unjust, R. R. Official Adds

CONTINUE RATE PARLEY

Higher Rates Needed to Restore Pre-War Effiency, Commerce Commission Is Told

Chicago, May 26. — Fair wage increases for the two million railroad employes in America are not opposed by the railroads, the labor board was informed today by E. T. Whiter in closing his reply to the demands of the men for increases in pay which it is said total one billion dollars.

The roads are opposed, however, to some demands presented to the labor board by the employes because they "are unjustified and not upheld by the facts in the case," he said. They also are opposed, he added, "to the incorporation of national agreements entered into by the federal railway administration into any awards made by the board."

Railroads' Testimony Finished.

Presentation of the railroads' testimony in the hearing was finished today, and tomorrow rebuttals by the employes will start. Railway trainmen will be heard first. After all the organizations have had a chance for rebuttal, the railroads again will have a right to present testimony, but this opportunity may not be taken advantage of, according to Mr. Whiter.

Demands for wage increases for all members of the Order of Railway Expressmen, covering both the United States and Canada, are being drawn up and will be presented to the labor board as soon as it has completed its hearing into demands of the railroad employes, it was announced tonight.

The following committee is at work on the demands: W. G. Wheeler, Erie, Pa.; G. F. Mason, Albany, N. Y.; L. A. Flanders, Boston; A. L. Meier, Kansas City.

I. C. C. Rate Hearing Continues.

Washington, May 26.—With proper equipment, the railroads of the country can be operated as successfully in the future under private management as they were before federal control, Charles H. Markham, president of the Illinois Central railroad, declared today in opening the case of the southern railroad for higher freight rates before the Interstate Commerce commission.

Expenditure of at least $500,000,000 for new equipment for the nation's transportation systems was advocated by Mr. Markham.

The hearing on the demands of the railroads of the country for increased rates to give an added income of a billion dollars a year will be suspended for a week at the conclusion of the carriers' testimony. Chairman Clark announced today that the commission would recess for that length of time to permit the shippers to study the evidence presented and prepare for cross examination.

Explains Coal Traffic Advance.

Proposed coal and coke rate advances in the eastern territory were explained to the commission by E. B. Crosley, vice-president of the Philadelphia and Reading railroad. Carriers proposed that the advances on coal and coke be made on the same general basis as on the class and commodity traffic. It will be necessary however, Mr. Crosley said, to deviate from a strict percentage basis in some particulars in order to preserve existing differentials.

Discussion as to whether switching charges should bear the increased rates brought forth a statement from Benjamin Campbell, vice president of the New York, New Haven and Hartford railroad, that the carriers had agreed the only fair and proper method would be to include switching charges in the advances sought.

Mr Campbell explained that freight rates had been selected by the roads to bear the burden of the increases permitted under the transportation act because the present freight rate level is relatively lower than for passenger traffic.

Water carriers, through W. R. Evans, auditor of the Great Lakes transportation corporation, asked that they be granted the same increase in rates as asked by the eastern railroads.

Testimony for the eastern group will be concluded tomorrow by Thomas F. Hulme, vice chairman of the president's conference committee on valuation of the carriers. Accounting and traffic experts for the southern territory are to follow. The hearings are expected to be greatly expedited by Chairman Clark's ruling to exclude cross examination until the conclusion of the railroad's testimony.

Central New York Drive Renewed.

Syracuse, May 26. — The campaign of the department of justice against alleged profiteering in Central New York was renewed here today, following the decision by Judge Manton of New York that an indictment obtained for profiteering under the Lever act was constitutional.

A special federal grand jury composed of Cuyaga county men reported to Judge Manton and under the decision of United States Attorney D. B. Lucey, the work of investigating sales by Syracuse, Albany, Utica, Binghamton, Watertown and Odgensburg retailers was started.

The government yesterday closed its case against Weed's Inc., of Binghamton in district court and the defense was started today, the corporation holding that the cost prices on which indictments were based were those of 1917 and 1918 and that the defendant should be permitted to have the advantage of an increase in market value, thus bringing the cost price up.

40,000 People Want to Hear Gompers and Allen

New York, May 26.—Forty thousand requests for seats for the debate between Samuel Gompers, president of the American Federation of Labor, and Governor Allen of Kansas, at Carnegie hall Friday night, have been received by the committees in charge, it was announced here tonight. The seating capacity of the hall is 2,800.

CROSS EXAMINATION OF DANIELS ENDED

Closing Session Marked By Heated Clashes Between Secretary and Probing Senators

Washington, May 26.—Cross examination of Secretary Daniels by the senate naval investigating committee was concluded today at a session marked by heated clashes between the naval secretary and Senator Pittman, Democrat of Nevada, on one hand, and Chairman Hale on the other. Rear Admiral Sims, whose charges against the navy department brought about the investigation, will take the stand in rebuttal tomorrow. Chairman Hale indicated that the admiral would be the last witness and that his statement would be brief.

In the course of a verbal tilt with Senator Hale today, Secretary Daniels threatened to carry to the full senate committee a protest against the chairman's conduct of the inquiry. The secretary charged that a "steam roller" was being used on him and characterized as "unjust and unfair" and a "stigma on the navy" a long compilation of statistics Chairman Hale sought to read into the record.

The tabulation, Senator Hale said, was compiled in his office from figures submitted by Mr. Daniels and related to the state of preparedness of the major ships of the navy just prior to the declaration of war by the United States. Mr. Daniels retorted that the chairman had misinterpreted the department's figures and that in the Hale compilation, the dreadnaught Arizona was listed as having been "unfit to fight" on Feb 2, 1917.

Chairman Hale said he would otherwise designate the columns marked "fit to fight" and "unfit to fight" and then put the compilation in the record. Secretary Daniels demanded that the senator take the stand as a witness and take the oath before submitting evidence. This the chairman refused to do, and Mrs. Daniels then demanded that the person who made the compilation be sworn as a witness. Again he was overruled by the chairman. Senator Pittman, at this point, protested against the tabulation going into the record, and left the room after the chairman had announced he would not yield in his stand.

GEORGE JAY GOULD'S YOUNG DAUGHTER WEDS

18-Year-Old Edith Elopes With Carol L. Wainwright, Prominent New Yorker

New York, May 26. — Confirmation of the marriage at Elkton, Md., today of Edith C. Gould, daughter of George Jay Gould, to Carol L. Wainwright, both of New York, was given tonight at the Fifth avenue home of the young woman's parents. It was announced that a telegram had been received from the couple saying they had been married.

"The family was greatly surprised," said the statement. "There is no particular reason for the elopment. The young man has always been acceptable to the family. The family wishes them all success."

Philadelphia, May 26. — A dispatch from Elkton, the Maryland Gretna Green, says Edith C. Gould, said to be a daughter of George Jay Gould, and Carol L. Wainwright, both of New York, were married there this afternoon by the Rev. John McElmeyle at the town's Presbyterian church.

The couple arrived in Elkton by automobile and after obtaining a marriage license motored to the manse, where the clergyman resides. The bride gave her age as 18 and the bridegroom said he was 21.

Young Wainwright is a member of one of the oldest and most wealthy families in New York. His father is Stuyvesant Wainwright, who has a home at Rye, N. Y. The bridegroom is a grandson of the late Bishop Wainwright and is a direct descendant of Peter Stuyvesant, founder of New York.

SEIZURE OF TWO AMERICANS TO BE INVESTIGATED

State Department Orders Consul in Mexico to Conduct Inquiry

HERRERO SURRENDERS

General Who Murdered Carranza Taken to Mexico City to Give Story of Killing

Washington, May 26.—Investigation was ordered by the state department today of the circumstances attending the kidnapping of two Americans in Mexico. The American consul at Chihuahua was instructed to conduct the inquiry and there were indications that no representations would be made to the new Mexican government unless the investigations developed that these men were seized by other than forces of Francisco Villa. It was assumed, however, the Americans were carried off at Villa's orders as a part of his tactics to exort tribute from the mining companies.

Homer C. Carr, one of the captives, is a mining engineer employed by the American Smelting and Refining company, who went to Mexico from New York city. The identity of the other prisoner was uncertain. The consular report gave the name as "MacDonald." The records of the department show two men of that name, both mining engineers in Mexico, one of them in the Parral district near Jimenez. There also is M. C. Donald of Vernon, Texas, who went to Mexico to work in the oil fields.

Villa Warfare Worries Rebels.

Concern over the safety of the Americans was less than that manifested by revolutionary agents here over the resumption of the warfare waged between Villa and the constituted authorities in Mexico for so many years. To the revolutionary agents, refusal of Villa to accept terms of cooperation and the subsequent necessity of renewing military operations against him, have meant a delay in the recognition of their government, either by the United States or by any of the other great powers.

No efforts have been made by the new government officials to secure recognition, and it is believed here that none will be made until some indication is received from the United States government that such action would receive favorable attention. It has been explained that legally the government now existing in Mexico is constitutionally correct and that de la Huerta, the president ad interim, might send a representative here as an ambassador without awaiting recognition, but it is known he and his associates have been advised to move slowly in that respect and be content with any negotiations the United States government may have with the Mexican government as a defacto power.

Gen. Herrero, Whose Forces Killed Carranza, Surrenders

Queretaro, Mexico, May 26.—General Rodolfo Herrero today surrendered to General Lazaro Cardenas at Coyita, Puebla, and is being taken to Mexico City to tell all he knows about the death of President Carranza, according to a message received by General Elias Calles today. General Calles had ordered all persons accompanying Carranza at the time of his death to be detained and questioned.

The following telegram was given out at the headquarters of General Calles this afternoon:

"Coyutla, Vera Cruz, via Zocatlan, Puebla, May 26.

"General Elias Calles, urgent.

"General Rodolfo Herrero presented himself today and continued with my column toward Papantla. From there, Herrero goes to Mexico City to report on the death of Carranza.

"General Lazaro Cardenas."

How Carranzo Met His End.

Mexico City, May 26. — An attack on a hut in the mountain hamlet in which President Carraza met death in bed, is described in the report of a commission named by Generals Obregon and Gonzales to investigate the tragedy. The report was made public today.

"I can't get up; my leg is broken," Carranza was heard to cry. He then begged for a carbine so he could defend himself, but was answered by a volley which ended his life.

Colonel Rodolfo Herrero joined the Carranza party, the report says, after it fled from Mexico City, pledged allegiance and promised to defend Carranza.

Carranza was led by Herrero to the hut where he was to sleep, the report continues, and before retiring Carranza ordered Captain Suarez to assist in placing sentinels, all of whom were Herrero's men.

"Herrero later told Carranza that a messenger had informed him his brother was injured," the report continues, "whereupon Herrero left the village, promising to return. At 3 o'clock on the morning of May 21, three of Herrero's men entered the hut, stating they had been ordered to report to him what the situation was, adding that nothing new had occurred. Carranza listened to the report, and then told the men to leave."

The report says this move was probably for the purpose of ascertaining if all in the hut were in bed and whether Carranza had altered his position.

Half an hour later, the hut was attacked from all sides. When Carranza was killed all the other occupants of the hut fled, the report says, and Herrero, at the head of his men, captured many of the party, four or five of these prisoners being forced to sign a statement that Carranza committed suicide.

Wasn't Trying to Flee Mexico.

El Paso, May 26. — The flight of President Carranza from Mexico City two weeks before his assassination was a last desperate effort to seek a place of refuge from which he could marshal his forces and try to save his fast-tottering regime, according to Felipe Ronquille, former mayor of Jimenez, Chihuahua, who was with Carranza during the first week of his flight.

Ronquillo, in El Paso today, said Carranza was not attempting to flee Mexico and that the President in a parting speech to the handful of cavalry officers, when he was forced to abandon his train at Rinconada, said:

"I am going to find a place of safety in the Puebla mountains. There I shall establish headquarters and reorganize our fight on the traitors. They should be sure I would never resign or leave the country."

Ronquillo expressed the belief that Carranza never knew the wide extent of the revolution and the fact he had been deserted by practically all the federal soldiers.

The safe conduct which General Alvaro Obregon sent Carranza never reached him, said Ronquillo. "He didn't want it any way," he said.

Ronquillo, according to his story, arrived in Mexico City on the morning of May 5, and that noon was received by Carranza in the national palace.

Already the revolution in Sonora had spread alarmingly and Carranza was busy with the routine of organizing resistance.

"On the morning of May 6," said Ronquillo, "there were rumors that President Carranza would leave that day. Carranza heard for the first time that afternoon of the revolt of Jaurez. At 7 in the evening, the presidential train was ready in the national station.

Describes Attack on Train.

"At the Mexican railway station, 10 other trains had been made up and 22 engines were held in readiness. In one of these trains, the shortest of all, was the national treasury of between 18 and 22 million pesos.

"President Carranza reached the national station with the secretary of state and General Barrogan at 8 o'clock the next morning. Three hours later the train movement began.

"The presidential train was the sixth in line; the last train carried the infantry cadets from the Chapultepec academy.

"As we passed through Via Guadalupe, a suburb of Mexico City, crowds lined the tracks. There was no demonstration. The people appeared oppressed.

"Our train had passed beyond Via Guadalupe when the first Obregonista attack occurred. The last two trains were captured. These had aboard the aviation section and the artillery. However, the president still had with him 3,500 men, infantry and cavalry."

Ronquillo described another attack made at Apezaco, which was beaten off.

NEGROES SENTENCED TO DIE.

Panama, May 25. — Three negroes convicted of murdering a watchman at the Mt. Hope Powder magazine on May 7 were sentenced to death by Judge J. W. Hanan in United States District Court here today. The men are the first to be sentenced to execution in the canal zone since 1912. It is expected the sentences will be carried out on Dec. 1, next.

The crime for which the men must die has been characterized as the most brutal murder in the annals of the canal zone. The watchman was beaten to death with heavy blacksmith's hammers.

GASLESS SUNDAYS AGAIN?

New York, May 26.—A suggestion that gasless Sundays, in effect during the war, be introduced again to conserve oil and prevent a threatened shutdown of the gas industry is approved here today by delegates to the American Gas association's emergency conference, representing 1,100 gas companies throughout the United States.

650,000 Tons of Sugar Held By Cuban Planters

New York, May 26.—A prediction that the price of sugar would soar to 27 or 28 cents a pound with 48 hours was made today by Raymond M. Wilson, sugar broker, testifying before the Lusk committee investigating alleged profiteering in sugar and other commodities.

This statement followed the disclosure of George Henry Finlay, another witness, that more than a quarter of a billion dollars had been loaned by American banks to concerns in Cuba to enable them to hold sugar.

Mr. Finlay testified that about 650,000 tons of sugar was being held in Cuba, and added that many planters have stored their entire crops in warehouses in the interior.

MINERS PLEAD NOT GUILTY OF CONSPIRACY

Judge Sustains Five of Counts in Indictment Against Them

COUNSEL'S PLEA FAILS

Hughes' Demurrer to Findings of Court Overruled; Trial Set For November 8th

Indianapolis, May 26. — United States District Judge A. B. Anderson, in federal court late today, overruled the demurrer filed by Charles Evans Hughes to the findings of the court this morning, which sustained five of the counts in the indictment charging 125 coal miners and operators with conspiracy to violate the Lever act.

Pleas of not guilty were entered by the attorneys for the defendants, with five exceptions, and November 8 was the date set for the trial. Defendants in Illinois, Ohio and Missouri have brought proceedings to resist being brought into court here. Only defendants residing in Pennsylvania and Indiana were in court today.

The indictment against the bituminous miners and operators was an outgrowth of the recent bituminous strike and originally contained 18 counts, based on the Lever act and the criminal code.

13 Counts in Indictment Quashed.

Judge Anderson today, however, acting on a motion made May 7 by Mr. Hughes, chief counsel for the United Mine Workers of America, in the case, quashed 13 of the counts in the indictment, and at the same time declared three sections of the Lever act—Sections 4, 26 and amended section 4—on which the counts of the indictment were based, to be unconstitutional. Five counts in the indictment, based on section 9 of the Lever act, the court held to be operative, and because of these counts, overruled Mr. Hughes' motion to quash the indictment.

A demurrer was filed by Mr. Hughes to the court's ruling sustaining the five counts, and arguments were heard on it immediately. S. E. Miller of Indianapolis argued for the operators in favor of the demurrer, and Dan W. Simms, special United States district attorney, spoke for the government. Judge Anderson's ruling on the demurrer followed late this afternoon.

MORTON'S ESTATE $10,000,000

Former Vice President Leaves Property to Sister, Daughters and Servants.

Washington, May 26. — An estate estimated at $10,000,000 is disposed of in the will of Levi P. Morton, former vice president of the United States, which was filed in the federal district court here today for probate. The document was executed June 29, 1910, and was modified by codicils of March 30, 1911, June 4, 1911, June 24, 1911. Mr. Morton died recently at the age of 86 years.

Charles H. Allen of Lowell, Mass.; Morton Minot of Brockport, N. Y., and Bronson Winthrop of New York city are named as executors and they, with the American Security and Trust company of this city, will act as trustees of the estate.

Mrs. Martha Morton Hartpence of Philadelphia, a sister of the testator, is given a life annuity of $2,000, and the sum of $1,200 annually is to be paid to Mrs. Caroline Lay, a sister-in-law of Mr. Morton. A life annuity of $720 is to be paid to Mr. Morton's butler, and cash bequests to other servants. Mr. Morton's personal effects and furniture are to be distributed among his children. Morton Corcoran Eustis, a grandson, is given the silver writing set and candlesticks presented to Mr. Morton by resolution of the senate on the expiration of his term as vice president, and to his "eldest grandson" is left the testimonial set of silver presented by the banking institutions of New York in 1869.

The remaining estate is bequeathed to the trustees, one share to be held in trust for each of the surviving daughters, Mrs. William C. Eustis, Mrs. Helen Morton and Miss Mary Morton, and one share to be distributed among children of Mrs. Winthrop Rutherford, a deceased daughter. On the death of each daughter her share will go to her issue or if she dies without issue then the other daughters or to the children of the deceased daughters.

MORE TROOPS TO IRELAND.

London, May 26. — More troops are being dispatched to Ireland to combat property destruction and similar movements there. Unexpected orders were received today at Aldershot for the Campbell Highlanders to leave tomorrow. The newspapers say younger soldiers are being replaced by better disciplined troops.

HOLD "DRY" LAW VIOLATORS.

Detroit, May 26. — Charged with manufacturing beer containing more than one-half of one per cent of alcohol, five officials of a brewing company were held in $1,000 bail each for hearing by a United States commissioner today.

League Price For June Milk $2.83 Per 100 Lbs.

New York, May 26.—The Dairymen's league, in a statement issued tonight, declared the league price for June milk will be $2.83 per 100 pounds for three percent milk within the 200-210-mile freight zone, with the usual freight and butterfat differentials. This is an increase of 25 cents over the May quotation.

ADVANCED $500,000 FOR WOOD CAMPAIGN

Cincinnati Manufacturer Estimates All Other Contributions Would Not Make As Much

Washington, May 26.—Colonel William Cooper Proctor, Cincinnati manufacturer, who has been described as the "angel" of Major General Leonard Wood's Ohio campaign, testified today at the senate investigation of pre-convention political financing that he had advanced $500,000 to Wood's national organization. He estimated that "contributions from all other sources would not make as much."

The committee of inquiry also went into the expenditures of three other candidates during the day. Former Representative C. C. Carlin of Virginia, manager of Attorney General Palmer's national organization, testified that its cash expenditures had been $59,610. James W. Gerard, former ambassador to Germany, had spent $14,040—all his own money — as a presidential candidate, according to his manager, S. T. Jones of Des Moines, Ia., while Representative Louis E. Crampton, of Michigan, said about $13,000 had been spent in his state for Senator Hiram W. Johnson, Republican of California, this total not being included in the Johnson national campaign account previously fixed at $68,138.

Mr. Carlin was questioned more extensively about alleged underpayment of income taxes by the Crucible Steel company and Mr. DuPuy, former chairman of the board of directors of that company, than he was concerning campaign expenditures. He told the committee that the largest contributor to Mr. Palmer's campaign was J. Guffey, who gave $10,000 and who was identified as a prominent oil man.

His name became confused with that of Colonel James McClurg Guffey, former Democratic national committeeman from Pennsylvania, and Mr. Carlin said afterwards that Colonel Guffey was the man he had in mind. It developed subsequently, however, that the contributor was Joseph F. Guffey, of Pittsburgh, also an oil man and a former Democratic national committeeman from Pennsylvania.

O'DELL GIRL PUT ON TRIAL

Her Husband Now Is Under Sentence of Death for Part in Slaying of Edward Kneip.

Rochester, May 26. — Pearl Beaver O'Dell was placed on trial in supreme court here today on the charge of murder in the first degree. She is accused of having aided her husband, James Louis O'Dell, now in Sing Sing under sentence of death, in killing Edward Kneip on the night of January 7 near Rochester.

It was brought out at the trial of O'Dell that he and his wife went to the shop where Kneip was working and that O'Dell, representing himself to be an officer, took Kneip into custody on the charge of having ruined Mrs. O'Dell before her marriage. O'Dell handcuffed Kneip and started in a taxicab for the spot where the murder later took place. Their machine breaking down, they hired another taxicab and went on. Dismissing the driver the two, it is alleged, beat and stabbed and slashed the unfortunate youth to death. They were caught the next day, the timely discovery of the body giving the police the clue, as the driver they had hired telephoned to police headquarters before taking the trip if it were all right to take one supposed officer and his prisoner out of the city. Headquarters told him they had nothing to do with such matters.

Late this afternoon the jury for the trial of Mrs. O'Dell was completed. District Attorney Love will open the prosecution's case tomorrow morning.

Mrs. O'Dell's attorney has intimated that he will seek to show that her attack on Kneip was justified by his past relations with her and by the necessity of protecting her husband against an attack by Kneip.

WILSON HAILED AS BEST PRESIDENT FOR WORKERS

Wilkes-Barre, Pa., May 26.—President Wilson was hailed by Thomas Kennedy, president of district No. 7, in an address today before the convention of anthracite mine workers, as the "best president for the working man this country has had since the days of Lincoln."

He appealed to the delegates to accept "the only honorable way out" of their wage dispute by placing it in the hands of a presidential commission.

Andrew Matti, vice president of district No. 7, charged the operators were profiteering, alleging they had raised the price of coal $1.25 a ton since April 1 on the excuse that it was to cover wage advances.

INDICT WOOLEN CLOTH MAKERS AS PROFITEERS

14 Individual Violations of Lever Act Charged in the Indictment

ACTION FOLLOWS PROBE

American Woolen Company Controls 21% of Country's Output, Prosecutors Discover

New York, May 26.—The American Woolen company of New York, the American Woolen company of Massachusetts, and William M. Wood, president of both companies, were charged with profiteering in woolen cloth in an indictment returned here today by the federal grand jury.

The indictment contains 14 counts, charging 14 individual violations of the Lever act in the sale of cloth at unjust and unreasonable prices.

The first count in the indictment charges the company with the sale on January 7, 1920, of 79 yards of cloth, which cost $2.25 a yard, for $3.67½ a yard. Another count alleges that a piece of cloth which cost $1.50 a yard was sold on Jan. 12, 1920, for $3.25. Other counts charge similar transactions.

Indictment Follows Investigation.

The indictment followed an investigation by the department of justice made at the request of President Wood of the company, according to a statement tonight by Herbert C. Smyth, special assistant to the United States district attorney. Mr. Smyth said the investigation showed the American Woolen company controlled 21 percent of the output of woolen cloth in the country and that its prices are followed virtually by the entire trade.

"Although Mr. Wood is in receipt of enormous salaries both from the manufacturing company, the selling company of the same name, and the constituent mill companies," Mr. Smyth added, "he receives commissions from the manufacturing and selling companies which, in 1919, amounted to $515,482. This is calculated as a part of the manufacturing and selling expense."

Company Gets 35 per cent Profit.

It developed also, he explained, that the company was receiving 35 per cent profit above cost, although Mr. Wood claimed the profit proposed by the company for its 1920 business was 12½ per cent. The amount of profit which the company was realizing, Mr. Smyth said, exceeded "on an average from 300 to 400 percent of those of 1919."

Mr. Smyth said the company after the investigation started, changed its attitude and for the last few weeks "we have been met with nothing but refusal to allow us to inquire further into the records of the company."

President Wood, in a statement made in Boston April 28, declared "there is absolutely no ground for the suggestion that this company has charged excessive prices for its cloth or has gained an unreasonable or excessive profit."

His statement was issued in explanation of the company's annual financial statement for 1919, which showed a net profit of $15,513,425, less reserves for taxes and contingencies.

The American Woolen company, Mr. Smyth said, is the largest manufacturer of woolen cloth in the United States and to a large extent dominates the trade.

"The department therefore feels that it has unearthed one of the most important cases of profiteering known since the amendment to the Lever act went into effect," he said.

"Astounding" Condition of Affairs.

The investigation disclosed "a most astounding condition of affairs with regard to these companies and their president," he added.

The cost plus system of fixing prices apparently was adopted by the company for the first time this year, according to Mr. Smyth. Profits increased on an average of 300 percent as a result, he asserted.

"In view of this increase," Mr Smyth said, "and notwithstanding that the manufacturing and selling companies are subjected to an expense on account of the same man being president of both companies, of nearly $1,000,000 compensation for commissions and salaries, the 1920 statement should prove a most interesting document if the companies are permitted to carry on this campaign of profiteering which they so boldly started out to inaugurate at the beginning of this year."

Charles Evans Hughes has been retained as counsel for the defendants.

Lever Act Constitutional.

New York, May 26.—The Lever act was declared constitutional as a war measure in an opinion handed down late today by the United States circuit court of appeals in the case of C. A. Weed and company, Buffalo clothiers.

The opinion, written by Judge Martin D. Manton, affirmed the decision of Federal Judge Hazel, who refused to enjoin Federal District Attorney Lockwood, of the western district of New York state, from proceedings against the company, charged with profiteering.

TRADING ON EXCHANGE COVERS WIDER RANGE

But Still No Indications of Public Interest—Call Money Market Fixed At 6%

New York, May 26. — The stock market made only indifferent progress today toward further recovery, although developments dealing with financial conditions contributed to a better feeling. Trading covered a wider range, but there were no indications of public interest. Contrary to expectations in many quarters, the call money market remained fixed at 6 per cent, while renewals of time loans soon to expire were negotiated at 8½ to 8½ per cent, a slight concession from recent rates.

Domestic monetary conditions were overshadowed by the activity of foreign exchange, with heavy purchases of remittances to Central Europe. Trading in these bills was said to be larger than at any time since the close of the war

According to competent observers, slow progress is being made in relief from freight congestion. Pittsburgh appears to be the only center to show marked change from acute traffic congestion. Industrial conditions pointed anew to a let-down in textiles and affiliated lines of trade, due to further cancellations.

Stocks were strong at the opening, hesitant or irregular during the mid-session, and unsteady at the close, a majority of the industrials making net losses. Crucible Steel was the only prominent exception, gaining 7¾ points, presumably on a drive against the shorts.

Liberty bonds, excepting the 3½s, were mostly higher, the foreign group also strengthening. Old United States bonds were unchanged on call.

Days of Opportunity

For the first time since the Civil War some of our corporations are offering their securities on a basis to yield 7% or better. Just as after the Civil War interest rates gradually reached lower levels, it is reasonable to expect the same will be true after the World War. In the meantime the safest bonds are yielding more than speculative bonds, did a few years ago.

NINE BIG ACTS OF THE GREATEST PICTURE De MILLE' HAS EVER PRODUCED

Jesse L. Lasky presents

Cecil B. DE MILLE'S PRODUCTION

"MALE and FEMALE"

Founded on J.M. Barrie's famous play
"THE ADMIRABLE CRICHTON"
Adapted for the screen by Jeanie MacPherson

PRODUCED BY CECIL B. De MILLE THE BELASCO PRODUCER OF THE SCREEN

SHIPWRECK, terror, despair, and thrills of heroic rescue.

INTIMATE pictures of below-stairs life in wealthy British households.

PICTURES of love and strife in a primitive land where conventions and classes are forgot.

GORGEOUS spectacles in the palace of a king of ancient Babylon.

REVIES of beautiful women: pomp of power: excesses of a profligate court.

OPULENT scenes of a life of ease among the titled rich.

BARBARIC scenes of struggle with nature on a South Sea isle.

SPLENDOR of gowns in the drawing rooms of ultra-fashioned sets.

COSTUMES of grass and skins in savage jungles of the tropics.

IDYLLIC scenes of a happy home on a little farm in America.

HUMOR, pathos colorful drama, vivid contrasts, dazzling pageantry enacted by hundreds of players, with an all-star group of principals.

ALL the passions and yearnings of the race, fused into an inspiring story that beats with red blood.

LADY MARY, in bath and boudoir, in her ancestral mansion in England.

LADY MARY, in rags, shrinking from prowling beasts on a storm-swept coast.

BEAUTIFUL yachting scenes on a placid summer sea.

Imagine! A group of men and women suddenly flung on a desert isle. Master and man, mistress and maid—now only males and females. Birth, wealth, trappings, vanished. A new life, calling to a test of worth, where those who are strong, lead, and those who are weak, follow. Such is this great story. Ranging from the splendid home of an English earl to savage scenes in a tropical jungle, from nice conventions of the cultured elite to uncontrolled passions of ancient Babylon.

An epic of love and struggle, vital in theme, stupendous in conceptions, amazingly dramatic, beautiful beyond words.

OTSEGO COUNTY NEWS

AT PORTLANDVILLE.

Portlandville, May 25.—The Ladies' Sewing circle of the Methodist Episcopal church will hold its regular monthly meeting at the home of Mrs. Rose Thursday afternoon instead of Wednesday. All friends of the society are invited. — Quite a number from this place are planning to attend the Woman's Home Missionary Society convention to be held at Oneonta Wednesday.—Mrs. Wood and son of Sidney, who have been visiting Rev. and Mrs Elwood at the Methodist Episcopal parsonage, have returned home. Mrs. Wood is a sister of Mrs. Elwood.—Mr. and Mrs. Edgar Myers of Sprakers and Irving Mowers and wife of Decatur were guests of Mr. and Mrs. Richards at F. C. Burdick's on Saturday.—Mr. and Mrs. Leonard Barton of Worcester visited A. Rhymers Sunday.—Myron Martindale has moved into the Christian parsonage.—Jessie Couse, daughter and granddaughter, of Fish Eddy, have been guests at the home of his nephew, Charles Tripp, the past week.—On Wednesday a dinner was served in remembrance of the 85th birthday of Mr. Couse's sister, Mrs. Emerette Couse Tripp. Mrs. Cora Allison was also a guest at Mr. Tripp's.—William Edson of Wilber Lake visited his mother, Mrs. Ferguson, Thursday afternoon.—Mr. and Mrs. Bowles, who have spent a week with her parents, Mr. and Mrs. Whitney, returned to New York Saturday. — Mrs. Emma Tripp and daughter, Mrs. Allison, accompanied her uncle, George Couse, and cousins, Mrs. and Miss Finnigan, to Mt. Vision, where they spent the day with Mr. Couse's sister, Mrs. Lucy Pride. — Rev. Dr. Hensey conducted the quarterly service in the Methodist Episcopal church Sunday evening.—George Applegate of Johnson City was at his home Saturday and Sunday.—Choir rehearsal for Union Decoration service will be held at Milford Center Saturday evening. Service Sunday at the regular home. Rev. Elwood will deliver the address. These services are for those who have fought and died and for those who are living. HONORS SOLDIER DEAD.

Appropriate Program Arranged for Memorial Day Celebration in Morris.

Morris, May 26.—On Sunday evening next, will be given at the Universalist church the annual Memorial Day sermon, delivered by Rev. F. C. Leonard, pastor of the church, at 8 o'clock.

Monday, May 31, will be held the Memorial exercises. The school children, veterans and citizens will gather at the Town house at 1 o'clock and form a procession and march to the cemetery under the direction of Superintendent of Schools Harrison Cossart, where the following program will be carried out:

Singing—My Country 'Tis of Thee.
Prayer by Rev. E. O. Colbeck.
The Gettysburg Address. Principal Ross E. Cameron.
Singing—The Soldiers' Chorus.
Address. Rev. Nelson B. Ripley of Milford.
Singing—Faith of Our Fathers.
Decoration of graves by Girl Scouts and veterans.

Sold Her Farm.

Mrs. W. W. Sanderson sold her farm, the Albert Cruttenden place on upper Church street, last week, to H. H. Cole of this village and William Woodlands of Gilbertsville. The farm contains a good lot of valuable timber. Mr. Woodlands is a dealer in lumber, which will probably be cut in the near future.

Eastern Star Ball.

The annual concert, supper and ball of the Order of the Eastern Star held Friday night at the Parish house, was one of the largest gatherings of its kind in Morris for many years. The music was furnished by Johnson's orchestra of Norwich and gave the best of satisfaction. The supper furnished by the Eastern Star was up to their former efforts and perhaps a little ahead. The receipts were $225.

"Mother's Jewels" Organized.

At the Methodist church, a Mother's Jewels society, consisting of children from babyhood up to eight years of age, has been organized, with Mrs. H. E. Brooks superintendent and Miss Aletha Miller assistant.

A Queen Esther circle, consisting of young ladies from 15 to 25 years of age, is soon to be organized.

UNADILLA WOMAN DESPONDENT.

Mrs. Lina K. Judd Commits Suicide at Her Home by Hanging.

Unadilla, May 25. — Mrs. Lina K. Judd, wife of George Judd, committed suicide Tuesday evening while under a fit of temporary insanity, by hanging herself to one of the rafters in the cellar of her home. Mrs. Judd had been mentally deranged for a number of years, but none of her family thought that she was at all dangerous to herself or others. The deceased was born in North Bienheim 58 years ago and came here with her family about six years ago. She was an affectionate mother and well liked and respected by all of her neighbors. Hard work and much trouble is believed to have been the cause of mental derangement.

Mrs. Judd is survived by her husband and two children, Ezra, and Mrs. Ella Farrington. Funeral services will be at the home at 2 p. m., Friday. Rev. R. L. Neufeldt officiating.

Select Odd Fellows' Home.

Fred J. Joyce returned this morning from a meeting of the Grand lodge commitie on the state home. The commitie visited Rome, Auburn, Ithaca and Binghamton. Each city offered from one to five sites, which were to be presented to the Grand lodge absolutely free of cost. The sites were so beautiful and the advantages so many that on the first ballot, each city received a favorable vote. The members of the committee, after some discussion, cast another ballot unanimously chosing a location on the west shore of Cayuga lake, just two miles from the city of Ithaca. This place at a low valuation is worth $30,000, and will be presented absolutely free and clear to the Grand lodge by the citizens of Ithaca.

THE STATE 2.75 LAW.

Though the governor has signed the so-called 2.75 percent state liquor law, permitting the sale of beverages with the above alcoholic content in certain places and under some conditions, there is a possibility that it would be well to go a little slow in acting as if this law were the only one to be considered. There is the Volsted act, which definitely makes illegal for the whole country the sale of beverages with more than a half-percent "kick" in them, which practically is none at all. This is a federal law, and applies to the whole country, of which by the way the state of New York, as well as New Jersey, happens to form a part. Under these circumstances, the officers charged with the enforcement of the federal law, one of them being Charles R. O'Connor of Hobart, who has charge for the entire state of New York, very properly are giving out the warning that it would be well to be careful; and that they at any rate will stand upon the strict letter of the federal law. The construction of this law is now with the supreme court at Washington, and until they make a decision, the seller of beer of greater alcoholic content is taking chances.

In fact the whole trouble appears to have arisen out of the unfortunate wording of the constitutional amendment itself, which provided that nation and state should have concurrent jurisdiction. This is taken on the one hand to mean that the states have something to say as to what is an intoxicating beverage within their boundaries, even if the amendment has declared for prohibition. On the other hand it is held, and this is not improbably the case, that concurrent jurisdiction refers solely to the enforcement of the law—i.e. that the state and national authorities alike will have jurisdiction to make arrests, to try cases and in general to enforce the law.

While the latter view of the case still, it is quite generally believed, be taken by the highest court, the difficulty is one which points out the necessity of understanding the full significance of words when using them in the making of laws. That is what schools are for, and law schools and congressional judiciary committees most of all; but in spite of this, the courts of the country have their calendars burdened with actions which never should have been there and never would have been had not the laws been too loosely drawn. As for the executive chamber, not a year passes without measures being disapproved for this reason, yet in spite of his vigilance, some of them slip by.

Will Save Tax Burdens.

If you are a taxpayer you should be interested in the work of the Salvation Army. According to a statement made yesterday by the Oneonta Salvation Army campaign committee in this city you would be paying more taxes for jails, old peoples homes and rescue homes for unfortunate girls if the Salvation Army were not on the job 24 hours a day. It is in the potential charges upon the tax payer that the Salvation Army is particularly interested. Two out of every three derelicts, fallen women and persons in distress who are handled by the Salvation Army make good and become worthwhile, industrious citizens. Every time a man who is down is put on his feet by the Salvation Army and sent back into industry, the Army is helping to increase national manufacturing production. Every time one who is dependent is aided to become self-supporting he ceases to become a burden on society.

Women Voters to Confer.

The annual convention for Otsego county of the New York State League of Women Voters will be held on Tuesday, June 1, at the home of Mrs. L. S. Dauley, Dietz street, Oneonta. The morning session will be held at 11 o'clock, new time, at which business will be transacted. At the afternoon session, commencing at 1.30 o'clock, addresses will be given by Mrs. James Lees Laidlaw of New York city and Miss Lillian Hufcutt of Binghamton. The principles and platforms of the Republican and Democratic parties will also be presented by two local speakers. Numerous members from about the county are expected to be in attendance.

V. Everit Root Resigns.

V. Everit Rooot recently resigned his position with the First National bank of Franklin, with the patrons of which he has many friends. After a complete and much-needed rest during the summer, he expects to remove his family and to make his home elsewhere in the fall.

Purchases Gregory Homestead.

C. W. Peaslee has purchased of Claire Gregory, administrator for the Gregory estate, the old Gregory homestead located about three miles from Mt. Vision. The farm consists of nearly 150 acres, with some desirable timber. It is understood that Mr. Peaslee has purchased this property as an investment

STATE SPELLING BEE FOR 1920.

Pupils of Otsego Schools Preparing for County Contest.

For several years, skipping 1919, when for some reason it was omitted, there has been a spelling contest in connection with the state fair at Syracuse. To it one contestant from each county was eligible and these county winners had their railway fare paid with admission to the fair and entertainment at the dormitory. The spelling contest, it is now announced, will be revived the present year, with prizes of $20, $15, $10 and $5 respectively to the leading competitors from the counties.

In the towns of the county of Otsego, the preliminary contests have already been held, and candidates selected for the county contest, which will be held on Tuesday, June 8, at the High school building in Oneonta. Only pupils registered in elementary grades will be eligible to compete, excluding any one who has been registered as a High school pupil. The contest will be written, and the words will be selected from a list of 5,000 prepared under the direction of the state department of education. If no decision can be obtained from the first word selection from this list, the contest shall be continued until 300 of these words have been used, after which words may be selected from previous regents' examinations.

At the county contest there will be one representative from each town of the county, and also two from the city grade school, and two from the Normal grades—a total of 28 contestants.

FIGHTING THE STARLING.

Binghamton Worries Over Worse Pest than Sparrow—A Few in Oneonta.

Lovers of birds in Binghamton are concerned over the reported advent in that vicinity of several starlings in the vicinity of Johnson City. Some of the farmers are gunning for them and say that they will destroy all they can. The starling is an undesirable alien, destructive to crops and to the native song birds, whose eggs it destroys and whose nests it appropriates. The first starlings were brought to this country some twenty years ago from England and liberated in Central park in New York city. Since they they have multiplied rapidly and they are now numerous on Long Island and in some parts of New England.

A flock of at least twenty of these birds was seen in this city about four years ago in the early spring. The flock gradually became smaller and in a few weeks disappeared entirely. The present spring, in March, a few were noted in the same location, but were not seen after two or three days.

Norwich Principal Resigns.

Leon H. Rockwell, who since last fall had been principal of the Norwich High school, has resigned the position, the resignation to take effect immediately. Mr. Rockwell goes at once to Earlville, where he succeeds Principal Fenno, who lost his life Friday afternoon while trying to save his son from drowning. He had earlier been re-elected at Norwich but declined the position on account of the relatively low salary. Later on request of patrons of the school, he stated that he would remain if adequate salary was paid, but the board of education refused any advance, and the present action followed. Superintendent Wassung will have direct charge of the High school during the next month, and the board has elected Burton Hunsinger of West Winfield as principal from September next.

No More Game Farms.

In the batch of bills vetoed by Governor Smith this week was one appropriating $20,000 for the establishment of a game farm in the eighth judicial district and another appropriating $25,000 for a similar farm in Broome county. In memoranda practically alike the governor says: "I am strongly of the opinion that until the state is better off financially and some of the taxes weighing heavily upon our people can either be reduced or abolished, the state should not establish any more game farms. We have sufficient game farms to meet all our needs at the present time."

Delhi Couple Married.

Everett William Bronk and Mrs. Elizabeth Jane Arnold, both of Delhi, were married at about 8 o'clock Wednesday evenin, May 26, at the home of the officiating clergyman, Rev. J. C. Jonnson, pastor of the Elm Park Methodist Episcopal church. They were attended by Mrs. Anna Waters and Miss Mabel Bennett, also of Delhi. The couple are among the most respected colored people of Delaware county. The trip was made from Delhi by auto, and Mr. and Mrs. Bronk and witnesses returned last evening.

CARROTS EASY TO RAISE

An Excellent All-the-Year Vegetable Which Grows Without Difficulty and Is Very Productive.

Amateur gardeners will find carrots an easy and satisfactory crop, experienced vegetable growers say, and they point out that if the garden is very large several rows of carrots should be planted both for early use and for storage.

The ground should be thoroughly prepared and a fine loose bed worked up. Since carrot seeds germinate very slowly, they should not be planted deep. It is advisable to mix a few radish seed with the carrot seed to indicate the rows, so that cultivation can start early; the radish seed also serves the purpose of breaking the crust that often forms over the row before the carrots start to grow. The radishes should be pulled as soon as the carrots are up.

An early variety of carrots will make roots large enough for table use and be cut out of the way in time to utilize the space for a fall crop of lettuce or some other vegetable.

Early varieties planted after the removal of early peas, lettuce or onions will make roots large enough for table use in the fall, but not for storage. For storage, a late variety should be chosen which will require the entire season for growth.

One-half ounce of seed is sufficient for the average family. A good variety for early planting is Chantenay, while for the late crop for storage Danners Half Long is usually grown, according to the state college at Ithaca.

SHIPMENT OF DICTIONARIES.

Last Chance to Secure One of These Valuable Books at Low Price.

The third and final shipment of the New Universities dictionaries has been received at The Star office and those having coopies ordered and paid for will receive them at once. Any failing to receive one for which they have paid are requested to notify this office promptly.

It will be years if ever before a book of this value can be purchased at anywhere's near the price at which it is being offered on the coupon plan through The Star and those on hand should find a ready sale. If you desire one, the order should be promptly turned in at this office as this is positively the last shipment that will be received.

Banqueting at Ithaca.

The Ithaca secuon of the National Electric Light association, which is composed of the officers and employes of the Ithaca, Cortland, Norwich and Oneonta electric light plants, as well as other lighting companies in Central New York, held its annual banquet last Friday evening in Odd Fellows' temple in Ithaca. Among the speakers were President J. H. Pardee of the J. G. White Management corporation and Vice President Magee of the same company.

Superintendent P. R. Chambers of the Oneonta plant, accompanied by Mrs. Chambers, was present at the banquet. They remained over Saturday to witness the Spring Day festivities at Cornell university and returned to Oneonta Sunday.

Barbara Lynch, Class President.

Miss Barbara Lynch, daughter of Prof. and Mrs. W. H. Lynch of this city, was on Friday last elected president of the class of 1923, Simmons college, Brookline, Mass., which institution she entered last fall. The honor is a signal one since the class consists of about 450 members, but that it is well deserved all who know her will agree. Following the announcement of the election, a dinner to all the class officers was given by the Student Governing body of the college. Miss Lynch was a member of the class of 1919, Oneonta High school, and her new honor at Simmons will be especially gratifying to her many friends in this city.

Not the Unadilla End.

The section of state road being constructed and styled as the Franklin-Sidney road extends from the present state road at the upper end of the village of Franklin southerly to the town line between Franklin and Sidney, a distance of 3.39 miles. The contractors are now at work on the section from Franklin village to Bartlett Hollow and the detour required extends from the cross road near the upper end of the electric light dam to Franklin village on the northwest side of the Ouleout creek.

THE STORY OF SLUSSER.

Stenographer in Eight Years Becomes Superintendent of Plant.

One of the newest success stories in American industry centers around Clifton Slusser of Akron, Ohio.

Slusser went to work for the Goodyear Tire & Rubber company as a stenographer eight and a half years ago. He has just been transferred to Los Angeles at a highly remunerative salary, as general superintendent of the Goodyear Tire & Rubber company of California, the new $15,000,000 subsidiary company on the coast. Slusser is only 30 years old.

Slusser was born in Massillon, Ohio, and left school at the age of 11 to start work as a glass blower. Since then he has been machinist's helper, plumber, rubber worker and assistant to the Goodyear factory manager at Akron, Paul W. Litchfield. Deprived of the chance of a complete education, Slusser studied in night school, donned overalls in the day time and went through every Goodyear factory department.

Slusser helped organize the Goodyear flying squadron, a group of men experienced in every phase of rubber tire manufacture and ready to stabilize production and plug up any hole that might occur in the factory. When foremen were on their vacations, Slusser substituted for them. When the superintendent of the Canadian plant was taken sick, Slusser went up and ran the factory. An engineering squadron among the machinists and other mechanical men was decided upon. Everyone was skeptical, but Slusser turned the trick.

Successively he took over the efficiency department, the planning department, the factory expert work, the company's garage and trucking work, the labor department and the aeronautical work of Goodyear, all the time studying at night. About a year ago he was made personnel manager and admitted to the executive council, a group of five men, who under Mr. Litchfield, were responsible for the operation of the entire factory, now employing over 35,000 in Akron alone.

Slusser's promotion to complete charge of production at the new plant in the west will start operations in June with 5,000 men, and which will produce 5,000 tires daily, is the logical climax of his eight and one-half years in Akron, his wonderful initiative, characteristic "stick-to-it-iveness" and the manner in which he educated himself at night.

STAMFORD HAS MYSTERY.

Finding of the Body of New Born Babe Being Investigated.

Stamford, May 26.—While a cartman was engaged in drawing a load of ashes and refuse through one of the back streets of this village yesterday, an object rolled up in a piece of burlap was seen to fall from the wagon. Upon investigation, the burlap was found to be wound around the body of a new born babe. Constable Smith was called and he notified Coroner A. L. O'Connor of Hobart, who in turn, called Coroner Woods of Delhi.

District Attorney O'Connor and Coroner Woods came here and made an investigation and summoned a number of witnesses to appear at an inquest to be held at the town hall on Thursday afternoon at 3 o'clock. The body was taken in charge by Coroner Woods, who will cause an autopsy to be made before the inquest to ascertain the cause of death.

DON'T BE BALD

How to Make ...rong, Thick ...

If your hair ... don't wait another day, but go to George S. Boyle and get a bottle of Parisian sage, the truly efficient hair grower.

Don't say: "It's the same old story; I've heard it before," but try a bottle at their risk. They guarantee Parisian sage to stop falling hair and stimulate a new growth, banish all dandruff and almost instantly stop scalp itch, or money back.

Parisian sage contains just the elements needed to properly invigorate the hair roots. It's a prime favorite with discriminating ladies because it makes the hair so soft and lustrous, and appear twice as abundant.

Parisian sage is inexpensive and easily obtainable at all drug stores.

GOVERNOR SMITH SIGNS WALKER BOXING BILL

Provides Regulation of Sport and Appointment of State Athletic Commission

Albany, May 24. — Professional boxing was restored to a legal status in New York state today when Governor Smith signed the Walker bill to regulate the sport and to provide for the appointment of a state athletic commission.

"The stress of the times demands healthy and wholesome amusement for the men of the state," the governor declared in a memorandum accompanying the bill, "and when an amusement can be afforded, under such rigid restrictions and control by the state itself, as this bill provides, no possible harm, and on the other hand, a great amount of good, can and will result from this enactment.

"It is urged by those opposed to the bill that it may give rise to abuses which they felt came into being under previous legislation enactments for the control of this sport. No bill could be more carefully drawn to safeguard the sport from those who would use it for the profit only, than the one before me."

LOCAL MENTION.

—Zita's orchestra of Albany is announced to furnish music for the invitation dance to be given by Company G at the armory this evening.

—Parties were in the city yesterday looking for a location for a soft drink and bottling works establishment. The desirable locations in the business section were found pretty well occupied.

—The Y. M. C. A. baseball team goes to Hartwick Seminary Saturday afternoon, where it will play the seminary nine. The local boys hope to maintain the cleon record with which they opened the season.

—The condition of A. J. Lewis, who was seriously injured by a bull Tuesday on his farm near Round Top, remains about the same, but it is expected that he will recover. He is under the care of Dr. G. W. Simmons of Oneonta.

—Nelson's fish market will remove about June 15 to a new building being erected adjacent to the Mayer bakery building. It is expected that the building he occupies on Dietz street is to be razed to make room for a modern structure.

—The contract for installing the three boilers in the engine house at the Oneonta Normal school was awarded at Albany Tuesday to the Armstrong company of that city. There were two bids presented, neither being from Oneonta.

—On Tuesday evening the ladies of the Eastern Star held a card party in the lodge rooms. There was a good attendance, about 80 being present. Refreshments were served during the course of the evening. About $34 was realized for the benefit of the lodge.

—Crushed stone have arrived and the work on the Elm and Maple streets pavements is going forward to the satisfaction of property owners and citizens generally. The work should be pushed this fine weather and completed before another winter is upon us.

—It is hoped that all desiring tickets for the dinner to be given by the Men's club of the First Methodist church on Friday evening, to be addressed by Senator F. M. Davenport of Hamilton college, will secure them if posisble today. They are to be obtained at the Wilber National bank, at Hurd's Boot shop or at the office of H. M. Bard & Son.

—Sizable bleachers are being constructed adjacent to the grand stand at the Elm park ball grounds to accommodate the crowds that will want to see the games of the Oneonta ball team this summer. The diamond is being put into fine condition, and it is hoped to have everything, save perhaps the outfield, in readiness for the opening game on Monday. The team which Manager Weidman is to put into the field this summer certainly will deserve liberal patronage from the fans.

—The new summer time table on the D. & H. is announced to become effective on June 27th. Meanwhile Utica and Syracuse traffic is being inconvenienced by the failure of the 8:20 a. m. for Binghamton to connect with the O. & W. train at Sidney. Division Passenger Agent Beckstedt is hoping to have arrangements perfected to have the morning train for the west start an hour earlier from this city soon and before the summer time table becomes effecive. It would be showing consideration for the public if this could be done.

KLIPNOCKIE BOYS COMING

TO VISIT OLD HOME TOWN FOR OUTING JUNE 18, 19 AND 20.

Committees Named to Plan Entertainment for Visitors While in City —Dinner at Country Club Suggested—To Meet Guests at Kingston.

Acceptance having been received of an invitation to hold a week-end outing in Oneonta by the Klipnockie Boys of New York city and vicinity during June, Mayor Ceperley yesterday announced the appointment of the following committee to arrange for a reception to the visitors and to plan for their entertainment while in the city: M. C. Hemstreet, O. C. McCrum, Owen C. Becker, B. C. Lauren, B. H. Morris, L. L. Gardner, Roscoe C. Briggs, Arthur Seybolt, Frank C. Huntington, Hon. L. P. Butts, W. F. Eglestun, I. J. Bookhout, Fred N. VanWie, Charles J. VanDeusen, Secretary L. W. Walter and H. W. Lee.

The committee met at the office of the Mayor in the Municipal building and organized with H. W. Lee as chairman and L. W. Walter as secretary. Plans for the entertainment of the visitors and making their visit a never-to-be-forgotten occasion were discussed and many suggestions made. It was finally decided to appoint the following sub-committees of arrangements to have charge of the different phases of the occasion:

Entertainment — M. C. Hemstreet, B. C. Lauren, B. C. Briggs and Charles J. VanDeusen.

Finance — O. C. McCrum, Fred N. VanWie and Hon. L. P. Butts.

Automobile — J. A. Dewar, Linn L. Gardner, O. C. Becker and I. J. Bookhout.

Meetings of the various committees will promptly be held at which the more definite arrangements will be made. It is expected that the committee will be informed definitely the members who are planning to come, after which the details can be more easily be arranged. The date agreed upon is Friday, Saturday and Sunday, June 18, 19 and 20. The party, other than those who will come by automobile the entire distance, are expected to come up on the day boat Friday, June 18, an dmotor cars from this city will meet them at Kingston and convey them through the mountains, showing them the Ashkokan and other points of inte est, stopping for dinner at some convenient point enroute.

It is expected that the visitors will be shown about the city Saturday morning, giving them an idea of its growth and development. It has been suggested that a complimentary dinner be tendered them at the Country club in the evening, at which some speeches of a reminiscent character will be made, to be followed by a dance. The program is, however, in the hands of a competent entertainment committee which will arrange the features of their entertainment.

COMPANY G BAND CONCERT.

To Be Given at Oneonta Theatre Tuesday Evening, June 1.

Company G band members are selling tickets for a concert to be given at 7 and 9 o'clock Tuesday evening, June 1, at the Oneonta theatre and are assuring patrons of a first class concert. Tickets are priced at 25 cents, including the war tax, and it is hoped that they will have a large sale.

W. H. Fay will be the soloist with the concert. Manager Moore of the theatre has arranged an exceptional photoplay program, which will include Hope Hampton in "A Modern Salome."

Will Continue as Hotel.

The portion of the Hathaway house fronting on Prospect street, including the room on the corner of Broad and Prospect with the two upper stories, has been leased by D. F. Keyes to Arthur Costello and Ernest Kuhnen of Oneonta for hotel purposes. The present management will rent rooms but will not serve meals.

This leaves a frontage of 32 feet on Broad street, including two stores which are for rent, and a kitchen in the rear of the building. It is planned to rent one of the stores for Cafeteria purposes. The painting and inside decoration has been stopped owing to the present crowded condition of the hotel, but will be resumed after this week.

FLOWERS FOR MEMORIAD DAY.

Do Not Forget the Nation's Heroes on Their Day.

Over 50 years ago, when Genreal John A Logan, then the commander-in-chief of the G. A. R., gave the order designating May 30 as a Memorial day for the purpose of placing flowers and other decorations over the low green tents that marked the eternal bivouac of his comrades of the Civil war, he said: "If other eye grow dull, other hands slack and other hearts cold in the solemn trust, ours shall keep it well as long as the light and warmth of life remain in us." To this sacred trust these comrades have been true until now the few remaining hands are feeble and the eyes are dim.

Memorial day is their Holy day, but in these later years it has seemed to be the Memorial day for the other hallowed graves of our land. It is a beautiful sight to enter "God's acre" at this time and look upon the wealth and profusion of beautiful flowers that abound, but have you noticed that often the veterans' graves have but a "wee bit" of the lavish display? Have we forgotten the sacred trust and thought only of our own, when it was their day, and we should rather have given to our own on some day or days of the other 364 that were left, and brought our best to the graves of the heroes who sleep in our midst?

Last year there was a dearth of flowers, owing to the lateness of the season and the committee having the bouquets in charge were handicapped so that not all of the more than 300 gravee had even the tiny bouquet. Will it be so this year or will you bring all you can of the beautiful flowers from field, garden or greenhouse to the Wilber National bank at 8 o'clock on the morning of Monday, May 31st, that there may be enough to do honor to those who gave so much for us?

It is hoped that the Boy Scouts may respond as well as every other man, woman or child who possibly can do so, for again the flowers are late. If you can bring but a small handful, these will be very welcome. If you wish to place the flowers yourself upon any of these soldier graves, whether they are those of the Revolution, War of 1812, Civil war, Spanish-American war, or of the World war, do so, and it will be greatly appreciated by the committee. This is just a reminder, lest we forget.

HOME MISSION WORKERS MEET.

Profitable Session of Oneonta District Society Held in Oneonta.

The annual meeting of the Oneonta district Woman's Home Missionary society was held Wednesday in the First Methodist church in this city with a large attendance from many of the local societies about the district and several of the pastors also in attendance. The program published in The Star of Tuesday was carried out and the reports showed an increase in all lines of work. The addresses were most instructive and inspiring. Mrs. Fowler, superintendent of the Children's Home of Binghamton, maintained by the conference society, of which this society is a part, was present and gave a short but interesting address. Miss Annie Waters sang a solo and a duet was rendered by her and Mrs. Garre D. Rogers, both of which enhanced the pleasure of all. Luncheon was served at noon to delegates and visitors.

The following officers for the coming year were elected: President, Mrs. Clinton P. Henry, Worcester; vice presidents, Mrs. L. B. Green, Oneonta; Mrs. C. W. Burnside, Sidney; Mrs. J. W. VanCott, Unadilla; Mrs. Harry E. Brooks, Morris, Recording secretary, Mrs. H. L. Baker, Norwich. Corresponding secretary, Mrs. Burton Todd, Oneonta. Treasurer, Mrs. D. L. Meeker, Oakland, Pa. Deputy secretaries; Young People's work, Mrs. B. W. Dix, Cooperstown; Children's work, Mrs. H. W. Thomas, Susquehanna, Pa.; Literature, Mrs. A. D. Finch, Sidney; Mite Boxes, Mrs. E. L. Murray, Guilford; Temperance, Mrs. J. H. Littell, Cooperstown; Evangelism, Mrs. Ray Hall, Guilford; Tithing, Mrs. B. M. Johns, Oneonta; Conference Member, Mrs. William Osier, Worcester; District supply secretary, Mrs. Fayette Delong, Portlandville; Press, Mrs. Sperry W. Hall, Oneonta.

Good Crowd at Carnival.

The carnival of the city firemen and band at Neahwa park attracted another good crowd last night and the various special features did a good business, the Ferris wheel and the Whip being perhaps the best patronized, although the animal show and the Minstrel show had many patrons. The carnival continues throughout the week.

Notice to Civil War Veterans.

Automobiles will be furnished for the Memorial day parade on Monday, May 31, for all Civil war veterans. Any veteran wishing to be called for at his home will please notify C. J. Westcott, 40 Elm street. Phone 502-J.

DEATH OF MISS MAY FIRMAN.

Talented Woman and Well Known Educator Passes Away.

Miss May Firman, daughter of the late Charles S. Firman and a well known educator, passed away at the Marshall hospital Wednesday forenoon, following a few weeks' illness dating from a fall sustained descending stairs, which confined her to bed. Acute Bright's disease developed, which, however, responded to treatment, and on Tuesday her condition was thought to be much improved and her recovery seemed more probable. Yesterday morning, however, heart failure developed and death resulted.

The funeral services will be held from the Main Street Baptist church on Friday at 2 o'clock, Rev. Dr. Charles S. Pendleton officiating, with interment in Glenwood cemetery.

Miss Firman was a native of Burlington, but later removed with her parents to Oneonta. After graduating from the Oneonta State Normal school, class of 1894, she became instructor of a teachers' training class at Fabius and later filled a similar position at Fairport. Afterward she was principal of the High school at Pelham Manor, from which position she returned to Oneonta, her health becoming impaired. After a respite, she was elected school commissioner in this district and later district superintendent, when the former position was abolished. More recently she has not engaged in active work. She was a member of the Main Street Baptist church and a woman not only of capabilities, but of many endearing qualities, and her demise will be regretted by all who knew her.

Surviving her are one sister, Miss Minnie Firman of this city, and two brothers, Sidney G. Firman, superintendent of schools at Glen Ridge, N. J., and Arthur B. Firman of the faculty of the High School of Commerce of New York city.

PRESENTED WITH ELK PINS.

Given for Excellence in Ritualistic Contest at State Convention.

Members of Oneonta lodge, B. P. O. E., participating as officers in the ritualistic contest at the state convention at Albany last June, in which they carried off the honors and received a handsome silver cup, were at a recent meeting of the lodge presented with solid gold Elk pins appropriately lettered, attesting their work in that contest. The pins were presented by James Dryan of lodge No. 28 at Rochester.

The officers acting in the various capacities who are wearing the pins are as follows: Exalted ruler, Edward M. Konan; leading knight, Everett B. Holmes; loyal knight, Frank G. Sherman; lecturing knight, Fred N. VanWie; esquire, Fred E. Wendell. The presentation was made by H. W. Fluhrer, one of the vice presidents of the state association, in behalf of the donor.

Farewell Reception for Clarks.

Monday evening a merry company of friends and neighbors assembled at the home of Mr. and Mrs. Charles Clark at Emmons. After some time spent with games and music, the ladies served delicious refreshments. The guests departed at a late hour, declaring the Clark family royal entertainers. All express regret that they are so soon to leave the neighboyhood, but rejoice that they will not leave the community.

Mr. Clark recently purchased a residence on Elm street and will move his family there in a few days.

Change of Time.

The Ulster and Delaware railroad announces a change of time table, effective May 23, 1920. The first trip of the Rip Van Winkle Express from New York May 25th, and from Oneonta May 31st. For full information, call at local ticket office for folder. advt. 7t

MANY DELIGHTED PARENTS

Witness Final Entertainment of Center Street School Wednesday.

The final exercises for the year by the pupils of the Center Street school were held yesterday afternoon in the school auditorium, which unfortunately is too small to accommodate all who naturally would desire to attend if not kept at home by knowledge of this condition. However, there was a good attendance, the room being entirely filled, and all present manifested great interest and pleasure in the entertainment. The entertainment occupied a little more than an hour, and was divided into two parts, the first being that by the Primary department, the little lads and lasses therein giving some delightful songs and dances, one of the latter being a May Pole dance by sixteen pupils of the third grade. Though special mention is made of this, the work of the first and second grade people was no less commendable.

The share of the Intermediate department in the work was a pageant filled with genuine patriotic spirit. Its title was "The Future Democracy of America," and the "Spirit of '76" was well represented by the pupils who, to the music of drum and the small boys' irrepressible whistle, participated in the parade. The past, present and future of America were finely depicted by Gladys Weeks, Violet Utter and Mildred Williams, while Robert McGuiness as the soapbox orator, portrayed a genuine Bolshevist. The flower and courtesy dances were alike charming, the overalled farmer boys were true to life and the street crowd and school children completed notably well the picture.

Much credit is due to the teachers of the school for the program of merit which was so well presented.

HALF HOLIDAYS THURSDAY.

Merchants' Association Decide on Summer Closing Hours.

At a meeting of the Oneonta Merchants' association, held at the Chamber of Commerce roooms yesterday morning, a resolution was passed providing that the members will close their stores and business places on Thursdays at noon, new time, July 15 to Sept 9 inclusive. It was also decided that the stores will be closed all day on Monday, May 31, which is to be observed as Memorial day.

The action of the merchants in providing a weekly half holiday for their employes during the large part of the heated term will, there can be no doubt, meet with general approval. During these weeks, which is largely the vacation period and when the volume of trading is light, confinement in stores is arduous and little or no inconvenience will be caused, the day of the half holiday being understood by all. Keep in mind that it commences on Thursday, July 15th, and continues to and including Sept 9.

Real Estate Transfers.

Mr. and Mrs. Alfred Ingalls of this city have purchased through Campbell Brothers real estate agency, of Luella and Foster Wyman, a farm on Briar Creek fully equipped with stock and tools. Possession will be given on June 2. Mrs. Luella Wyman and Foster Wyman, her son, will move to Bainbridge.

M. P. Wellman, who recently purchased a house and lot at 364 Main street and thoroughly repaired and modernized it, has sold the property through the Ceperley-Morgan real estate agency to James Henderson of Kortright, who will occupy the house as a family residence about July 1st.

Home Mission Workers Meet.

A well-attended meeting of the Oneonta district Woman's Home Missionary society was held at the First Methodist church yesterday, with sessions morning and afternoon. The Oneonta ladies served a luncheon at noon. Reports were given and interesting papers read with some musical numbers contributed by Miss Annie Waters and Mrs. Garre D. Rogers. New officers were elected.

COUNTY W. C. T. U. INSTITUTE.

Addresses by Mrs. Frances W. Graham and Mrs. Della Jones.

Well attended and profitable was the County W. C. T. U. institute held at Laurens yesterday, the sessions being held in the Methodist Episcopal church, with three sessions. Mrs. Frances W. Graham was the institute leader and she gave a splendid address upon "Essentials to Law Enforcement," the three main points discussed being, the law, the officer and public sentiment, all of which were given as first requirements.

Mrs. Della Jones of Worcester, state lecturer of the thrift department of Home Economics, gave also an excellent address containing many helpful suggestions on How to Meet the High Cost of Living, which all appreciated. At the evening session Mrs. Graham gave an inspiring Victory Talk, in which she discussed the outlook for prohibition in the state and nation. Her talk was optimistic in character and encouraged the workers that state legislation will be unable to overthrow the enforcement of the national prohibition amendment. Mrs. Graham is the musical director of the national W. C. T. U. and she rendered during the institute numerous solos which were much enjoyed, it being seldom that so fine a voice is heard in Laurens. At the evening session Miss Ellen Kirkgaard gave as a solo number, The Field of Flanders, which also contributed to the pleasure of all.

The Laurens W. C. T. U. members and citizens generally were very hospitable and the visitors were enthusiastic in praise of their kindness.

AMUSEMENTS RULE REMAINS.

General Conference of Methodist Episcopal Church Refuses to Change.

A dispatch from DesMoines, where the general conference of the Methodist church is in session, says:

Considerable is heard relative to the changes in the rules regarding amusements, but paragraph 280, the famous expulsion, but non-enforced provision against amusements in the Methodist Episcopal discipline, will remain. The committee on the state of the church voted to preserve the section by a vote of 65 to 25, and requested the general conference to adopt their judgment without debate.

As a sort of supplemental and supporting plan, a program of recreation and social life will be inaugurated under the direction of a steward to be elected by the quarterly conference of the local church. A great many churches have such a plan in practice now and making this the general rule will be following the experience of a number of men.

Paragraph 280 has long been a battleground. Not very long after its insertion in the discipline there was an effort to have it removed. But it was there and to get it out has been the problem of the progressive element of the church, but to retain it has been the successful stand of the conservatives.

Odd Fellows to Fly Creek.

Numerous members of the Oneonta lodge of Odd Fellows left last evening at 7 o'clock for the Otsego lodge at Fly Creek to work the second degree on a class of candidates. After the ceremony, a banquet was served to those present. Those who attended from Oneonta were as follows: Fred Wood, L. D. Fay, Phillip Misner, William Turner, Morris Townsend Wright Terry, George Munson, Bert Miller, Frank Monroe, John Brown, Charles Emerson, Clarence Graham, Elmer Brightman, Sherman Stone, Clifford Beach, Henry Potter, Fred Melick, W. H. Sessions, Stewart Lull, Frank Lewis, Jack Scott, Charles Beavens, Fred Murdock, Ward McFee.

Coy Livery Barn Sold.

D. F. Keyes has purchased of the Oneonta Garage company through Lyman H. Blend the building at 12 Dietz street, formerly used by Arthur Coy as a livery barn, including also the store formerly occupied by Palmer's meat market.

The work of tearing the building down has already commenced. All of the plate glass will be removed for use as show windows in the Hathaway house, owned by Mr. Keyes, where alterations are in progress. The lumber will probably be used for the building of residences in the near future.

For Itching Eczema, Old Sores and Piles

"I guarantee my ointment," says Peterson of Buffalo, "to cure eczema; to stop the itching at once and any reliable druggist will cheerfully refund your money if PETERSON'S OINTMENT doesn't do everything I say it will do."

William A. Carley of Franklin, N. Y., is surely a wise man. He writes: "I used PETERSON'S OINTMENT on a little boy suffering terribly from eczema. It did the work."

Then there is Alex. Loottiel, a brave fireman of Buffalo, who is glad to write as follows: "I had an old sore on my leg for many years. The best doctors failed. PETERSON'S OINTMENT entirely healed the sore quickly." And from over in Canada comes a letter from A. Blockeby, stating: "The best thing I ever bit for Itching piles is PETERSON'S OINTMENT." DELAWARE COUNTY NEWS

DELHI WOMAN CLAIMED.

Mrs. John Glendenning Passes Away Tuesday after Long Illness.

Delhi, May 26. — Mrs. John Glendenning died at her home on Meredith street Tuesday afternoon after a long illness. She suffered a broken leg in the latter part of the winter, after a time sciatic rheumatism setting in and with other complications made a very severe trial for her. She was patient in all of her suffering which showed her splendid Christian character with which she has been endowed during her entire life. Deceased was Anna Murphy, being born near West Delhi 68 years ago. She leaves a husband, who has been very devoted to her throughout her entire sickness and who has the profound sympathy of the community in his bereavement. The funeral will be held Thursday afternoon from the First Presbyterian church at 3 o'clock, with burial in Woodland cemetery.

Reception in 2nd Presbyterian Church.

A delightful reception was tendered to Rev. and Mrs. George N. Makeley in the Second Presbyterian church on Tuesday evening. The chapel was profusely decorated with apple blossoms and other spring flowers. James E. Harper acted as toast master for the evening and called upon members of the local clergy for addresses which were very interesting. Ice cream and cake were served.

Work of Some Miscreant.

Dr. C. R. Woods, who occupies the First Presbyterian manse, left his new Oakland roadster under the church shed near the manse Monday night. The next morning he discovered that the wires had been cut and the batteries removed. This causes a loss of fully $50 to the doctor in addition to no little inconvenience. It will be investigated and if the offender can be located he should be punished to the extent of the law.

In Otego After Long Absence.

Otego, May 25. — O. B. Matteson and daughter, Grace, have just arrived here after an absence of 18 months, having spent two winters in Florida, and the summer of 1919 in southern California with headquarters at Los Angeles.

Enroute from Florida to California, several days were spent in New Orleans and El Paso, from which city a trip was made to Juarez, Mexico.

On the return trip to Florida, the Grand Canyon of Arizona was visited and three weeks spent in Kansas and Oklahoma visiting sisters and brother.

At the present time, the Susquehanna valley looks as good to the Mattesons as any place visited during the 18 months they were traveling.

plete even to the tombstone with inscription, was discovered this morning. The headstone was near the curb The marble headstone bore the single name John Barleycorn. —the mound extending into the street. The flowers strewn on the mound were indications of good taste and judgment on the part of the deceased man's friends, consisting of dandelions, pie plant and apple blossoms The burial must have been very quiet as

"No man heard the tramping,
Or saw the train go forth:
Noiselessly as daylight
Comes when the night is done."

The opinion on the street seems to be that Mr. Barleycorn was buried very soon after death.

NORTH KORTRIGHT NOTES.

Rev. R. R. Irwin Represents Delaware Presbytery at General Assembly.

"Makes Cooking Easy"

Think Of The Steps It Would Save You

The GOLD MEDAL GLENWOOD Range, has a coal oven and a gas oven, which may be used separately or at the same time.

The GOLD MEDAL GLENWOOD is only four feet long. It is ideal for the modern kitchen.

If you should receive word this morning that company would come by evening, and you wished to prepare various dishes, you would want ovens that you could depend upon. You would also want a cooking top large enough to take care of all the utensils required in preparing a top-class meal.

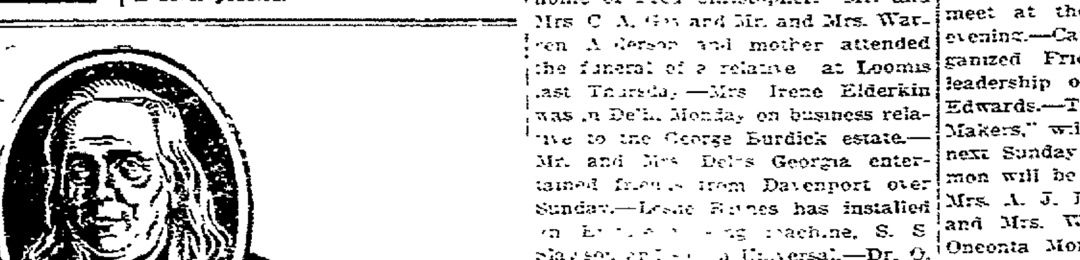

Think of the steps the GOLD MEDAL GLENWOOD will save you. Instead of baking one thing at a time, it will bake your bread in your coal oven and your pastry in your gas oven. All of your baking will be out of the way at one time.

You could use nine large cooking and broiling utensils at the same time and you would have a range good for the next twenty years.

Call and See Them and you will understand at once why a Glenwood Range "Makes Cooking Easy"
